

IU School of Medicine SCOPE

February 6, 2009

Volume 13 Number 5 • Indianapolis, Indiana

The IUSM Alumni Association and Medical Student Affairs are hosting Operation: Education from 5 to 8 p.m. Wednesday, Feb. 11, at the IUPUI Campus Center, Room 450.

Operation: Education is a variation of the speed dating concept, adapted for mentoring, networking, and career exploration. The event targets second and third year medical students, but others are welcome to attend. The program will provide students an opportunity to communicate with IUSM alumni physicians in an interactive environment to gain insight into the practice of medicine and help bring career plans into focus.

Dinner will be provided. A friendly competition with door prizes will conclude the evening. For more information or to participate, contact Champ Thomaskutty in the Office of Alumni Relations at cthomask@iupui.edu or 317-274-6587.
