MISB groundbreaking advances life sciences research

The goal of establishing Indiana as a national leader in life sciences research and industry took a significant step Sept. 1 with the groundbreaking for the Indiana University Medical Information Sciences Building.

Indiana Gov. Joe Kernan, Indianapolis Mayor Bart Peterson, IU President Adam Herbert, IUPUI Chancellor Charles Bantz and IU School of Medicine Dean D. Craig Brater, MD, participated in the ceremonies. The site is located near the Canal Walk at 10th Street. The property, formerly the site of the Indianapolis Police Department mounted police horse barn, was given to IU by the City of Indianapolis.

“Behind you, work has begun on the forty-one-million-dollar Medical Information Sciences Building, a project that will house some of the country’s most singularly outstanding contributors to the life sciences,” Dr. Brater told the 200-plus guests and visitors attending the ceremony.

The 167,000-square-foot facility will provide space for five IU programs: the Division of Children’s Health Services Research, the Center for Computational Biology and Bioinformatics, the Division of Biostatistics, the Center for Bioethics and the Regenstrief Institute, Inc., whose researchers are IU faculty members.

In addition to those programs, Eli Lilly and Co. and Clarian Health Partners will have offices for scientists who work with IU faculty and researchers.

The MISB cost is \$42 million, \$15 million of which was authorized by the Indiana General Assembly in 2003, and the remainder in private gifts, notably from Eli Lilly and Co. and the Eli Lilly and Company Foundation.

New chair of orthopaedic surgery named

Jeffrey Anglen, MD, has been named chair of the IU Department of Orthopaedic Surgery pending approval by the IU trustees. He will begin his new duties in early 2005.

Dr. Anglen is a clinical professor of orthopaedic surgery at the University of Missouri Health Sciences Center. He joined the faculty in 1992 as an assistant professor and chief of Orthopaedic Trauma Services. Previously, he was an orthopaedic trauma fellow at the Florida Orthopaedic Institute in Tampa, Fla., in 1992.

He also has been an assistant clinical professor of orthopaedics at the University of Missouri – Kansas City and a volunteer orthopaedic surgeon with Orthopaedics Overseas in Transkei, South Africa.

Dr. Anglen graduated summa cum laude with a bachelor’s degree from the University of Missouri. He received his medical degree and completed his internship and residency at Johns Hopkins School of Medicine.

“Jeff Anglen is an accomplished trauma orthopaedist who is now at the University of Missouri,” said Dean Craig Brater, MD. “He and his wife and their young children plan to move to Indianapolis in December and he will assume his responsibilities soon thereafter. As we welcome Jeff we also should thank Randy Loder, MD, for the excellent job he has been doing as interim chair.”

Dr. Loder was named interim chair of the Department of Orthopaedics in August 2003, replacing Stephen Trippel, MD, who resigned the position to devote more time to his clinical practice and research.

Dunk the Deans – Sept. 24

What’s all this fuss about dunking something? Are they talking about dunking a donut or a basketball? Nope. They’re talking about something a whole lot more fun – dunking a dean.

The second "Dunk the Deans" fundraising event is on for 8 a.m. to 5 p.m. Friday, Sept. 24, on the lawn in front of Fesler Hall. The initial event in 2002 raised about \$10,000 for the IU-Moi University program in Kenya.

Other activities planned include a silent auction of various craft items, such as jewelry, afghans, sweaters and pottery, made by Kenya AIDS patients, miscellaneous gift items from local businesses and restaurants and an Ambassadair Travel Club membership.

Dunk the Deans T-shirts will be for sale for \$12. Musical entertainment is scheduled. But the big draw is the chance to land a dean in the drink.... all for charity. Ball prices begin at \$1 for a softball and expand to, well, the size of a basketball and a \$20 donation.

Tentative schedule of dunkees:

8 a.m. – 8:30 a.m. -- Rich Schreiner

8:30 a.m. - 9 a.m. -- Ora Pescovitz

9 a.m. – 9:30 a.m. -- Charles Bantz

9:30 a.m. - 10 a.m. -- Craig Brater
10 a.m. – 10:30 a.m. -- Steve Leapman
10:30 a.m. - 11 a.m. -- Steve Bogdewic
11 a.m. – 11:30 a.m. -- Bill Plater
11:30 a.m. – noon -- Bob Martin
Noon- 12:30 p.m. -- Kim King (Fox 59)
12:30 p.m. - 1 p.m. -- Chris Wright (WTHR)
1 p.m. – 1:30 p.m. -- Mike Sturek
1:30 p.m. - 2 p.m. -- Dave Crabb
2 p.m. – 2:30 p.m. -- Gerry Oxford
2:30 p.m. - 3 p.m. -- Jackie O'Donnell
3 p.m. – 3:30 p.m. -- Val Jackson
3:30 p.m. - 4 p.m. -- Doug McKeag
4 p.m. – 4:30 p.m. -- Bob Pascuzzi
4:30 p.m. - 5 p.m. -- Deb Litzelman

Volunteers are needed to help set up the event at 7:00am, and to clean up afterwards at 5:00pm. Contact Terri Ryckaert at tryckaer@iupui.edu for additional information or to volunteer. Donations of canned drinks and prepackaged food items are also needed. Contact Kathleen Boles at kboles@iupui.edu for more information.

ICVBM retreat – Sept. 17

George Vande Woude, PhD, director of the Van Andel Research Institute in Ann Arbor, Mich., will be the keynote speaker at the Indiana Center for Vascular Biology and Medicine retreat Sept. 17.

The daylong retreat will be at University Place Conference Center. Reservations should be made to Barbara Reynolds at bajreyno@iupui.edu.

LAMP puts spotlight on faculty success

Nominations are being accepted for the 2004-2005 IUSM Leadership in Academic Medicine Program. The deadline for nominations is Thursday, Sept. 30.

This fellowship program, which is in its second year, is designed to provide IUSM's newest faculty members with the necessary tools for career success and help them learn to contribute to a learning environment that brings out the best in all.

Features of the program:

- An overview of the newly revised IUSM standards for excellence (promotion and tenure guidelines) in education, research and service.
- Development of an individual academic development plan
- Differing views on the culture of IUSM: The Relationship-Centered Care Initiative and the Data Driven Decisions Initiative
- How to find and work with a mentor
- Understanding the research basics at IUSM
- The ABCs of effective teaching
- Leadership competencies: Necessary at every level
- Negotiation and conflict management skills
- Achieving balance in personal and professional life
- Principles of managing professional people

LAMP will begin with half-day sessions in mid to late October. Subsequent sessions will be monthly from 1 p.m. to 4:30 p.m. The LAMP faculty are Steve Bogdewic, PhD, Rich Frankel, PhD and Abby Klemsz, MD.

To be selected as LAMP fellows, faculty must be in the first or second year of their appointment. The program is provided at no cost to departments other than the time required to attend each LAMP session. The names of nominees and questions can be addressed to Steve Bogdewic at bogdewic@iupui.edu.

Abstracts sought for Dean's Grand Rounds and poster session

The IUSM biannual Dean's Grand Rounds will be Wednesday, Sept. 29.

The purpose of this special event is to highlight current research efforts within the School, and to foster interdisciplinary research.

The day will begin with a special Dean's Grand Rounds in Myers Auditorium at Wishard Hospital from 7:30 a.m. to 9 a.m. The Faculty Steering Committee has selected two presentations on novel work at IUSM:

- Mervin Yoder, Jr., MD, Richard and Pauline Klinger Professor of Pediatrics and of biochemistry and molecular biology, "Formation and Maintenance of Vascular Endothelium In Vivo"
- David Wilkes, MD, Dr. Calvin H. English Professor, professor of medicine and of microbiology and immunology, "The Art and Science of Lung Transplantation".

Poster presentations by faculty in the VanNuys Medical Science Building atrium will follow from 10:30 a.m. until 3 p.m. The event is to promote the research mission of the School and to encourage interdisciplinary collaboration between faculty members.

Faculty members involved in all types of research are encouraged to submit abstracts for inclusion in the presentation and to attend this special event. A free lunch will be provided to each presenter. All abstracts should be submitted in Microsoft Word format by e-mail by Wednesday, Sept. 15 to IUSMDSS@IUPUI.EDU, or hard copy can be sent to Robert Havlik, MD, Plastic Surgery Section, Riley Hospital, room 2511.

Clarian Health Values Fund deadline approaches

The Clarian Health Values Fund has announced a deadline of **Friday, Oct. 1**, for grant submissions in the categories of Education and Research. The deadline for Spiritual/Religious Dimensions in Health Care grants has been changed to **Monday, Sept. 27**.

Forms and guidelines may be found on the Clarian Intranet site Pulse at pulse.clarian.org/portal/intranet/home/content?defaultXml=/depts/grants/fundgrants.xml.

IU faculty or staff who cannot access the site may contact the IUSM Office of Operations at iusmoper@iupui.edu to have the forms sent directly by email.

These proposals must be routed through the appropriate department, school and campus grants office using an IUPUI route sheet or Electronic Research Administration (ERA) Routing Form. Since the Oct. 1 deadline is historically a very busy submission date, investigators should plan to submit early.

Lungs for Life 5k Race – Sept. 25

The first Lungs for Life 5k Race will begin at 9 a.m. Saturday, Sept. 25, on the IUPUI campus and the White River State Park.

The run/walk participation fee is \$18 and includes a T-shirt. All proceeds will go to the IU Cancer Center's Thoracic Oncology Program to support the Lung Cancer Biomarker Discovery Program. With this program, the Thoracic Oncology Program is poised to take a leadership role in unlocking the clues to earlier detection and better treatments.

For more information or to register, visit www.lungsforlife5K.org, or email info@lungsforlife5k.org.

IUPUI to host health fair

Visit the health fair during Explore IUPUI from 10 a.m. to 2 p.m. Saturday, Sept. 18, for free information, screenings and giveaways.

Explore IUPUI is a campus-wide open house focused on a day of learning and discovery. The health fair, sponsored by Clarian Health Partners, is just one of more than 200 interactive activities, hands-on workshops or demonstrations planned for the day.

The health fair tent will be in the lawn of the IUPUI Library, south of the School of Science.

For a complete list of all of the activities during Explore IUPUI, visit www.explore.iupui.edu. Parking and admission are free.

IUSM New Faculty Orientation

To ensure that every new member of the IUSM faculty gets off to the best start possible, an orientation for them will be Tuesday, Sept. 21. Unlike the orientation for new faculty hosted by IUPUI, this program is designed specifically for new School of Medicine faculty. The program will be from 12:30 p.m. to 5:30 p.m. and the location will be announced later.

Topics to be covered:

- Standards of Excellence for Promotion & Tenure
- The IUSM Competency-Based Curriculum
- An overview of the Office of Faculty Affairs & Professional Development
- Graduate School Overview
- Research Infrastructure and Support

New faculty are encouraged to attend. For additional information, contact Stephen Bogdewic, PhD, at bogdewic@iupui.edu.

This week on *Sound Medicine*

Tune in at 4 p.m. Sunday, Sept. 12, to *Sound Medicine*, the weekly radio program co-produced by IUSM and WFYI Public Radio (90.1 FM) in Indianapolis. The program is hosted by Barb Lewis. The co-host this week is David Crabb, MD.

Shane Shapiro, M.D., primary care/sports medicine physician with the Mayo Clinic in Jacksonville, Fla., and Kevin Gebke, MD, assistant professor of clinical family medicine and sports medicine fellowship director for the Indiana University Center for Sports Medicine, will address the issue of American high school athletes, injuries, and those who are the first-responders

Tatiana Foroud, Ph.D., associate professor of medical and molecular genetics at the Indiana University School of Medicine, will discuss the genetic link of Parkinson's disease identified by researchers on the PROGENI project.

Mark Ackermann, senior vice president and chief corporate services officer of St. Vincent's Catholic Medical Centers of New York, looks back at Sept.11 and how we can become better prepared in the event of a catastrophe.

Archived editions of *Sound Medicine*, as well as other helpful health information, can be found at soundmedicine.iu.edu/.

Online IUSM calendars

A comprehensive listing on IUSM seminars, lectures and Grand Rounds can be accessed at www.medlib.iupui.edu/calendar. To place items on the Scientific Calendar, please forward them to Iona Sewell at imsewell@iupui.edu.

A Special Events Calendar for presentations, symposiums, conferences and other activities at IUSM can be found on the School's Web page at www.medicine.iu.edu. The calendar also can be accessed directly at webdb.iu.edu/iusm/scripts/calendar/instr.cfm.

[BACK TO TOP](#)

Submissions to Scope

Scope wants your news items.

The deadline for submission is 8:30 a.m. on Fridays. *Scope* is published electronically and sent to faculty, staff, students, and residents.

There are three easy ways to submit story ideas or information to *Scope*:

- e-mail the information to mhardin@iupui.edu
- mail the information to Mary Hardin, Z-7, Ste. 306, IUPUI
- paste your plain text message into *Scope* Web form on the IUSM faculty & staff page: <http://medicine.iu.edu/faculty>

Contributions submitted by e-mail should be forwarded in 12 point, plain text format.

In the interest of accuracy, please do NOT use:

- acronyms
- abbreviations
- campus building codes (use full, proper name of building and include the room number)
- Dr. as a preface before names (designate MD or PhD)

To keep the electronic version of *Scope* as streamlined as possible, only seminars and lectures of general or multidisciplinary interest will be included.
