IU Cancer Center receives Lilly Foundation gift

Indiana University Cancer Center's future as a premiere clinical and research institution has received a boost with a \$7.5 million gift from the Eli Lilly and Company Foundation.

The gift is the largest one-time donation from the Lilly Foundation to an institution or cause. The funds will be used to recruit nationally recognized cancer scientists to strengthen the research initiatives and progressive care available in Indiana.

"The Eli Lilly and Company Foundation and Lilly employees are committed to improving the quality of cancer care and the quality of life for cancer patients," said Sidney Taurel, Eli Lilly and Company chairman and chief executive officer. "This gift of \$7.5 million represents that commitment and acknowledges our appreciation of the vision shared by the caregivers and researchers at IU Cancer Center and Lilly scientists."

For more information on the gift, which was announced at a May 16 news conference, see medicine.indiana.edu/news_releases/viewRelease.php4?art=507.

Medical Alumni Weekend brings graduates back to campus

Four IUSM alumni and faculty will be honored Saturday during the annual Strawberry Shortcake Luncheon, a tradition

of the Spring Medical Alumni Weekend. Classes graduating in years ending in ones and sixes will unite with classmates during the 59th annual event May 19 and 20.

Clarence Boone Sr., MD, Phyllis Irwin, MD, Merrill Grayson, MD, and R. Michael Meneghini, MD, are the alumni and faculty to be honored.

Drs. Boone and Irwin will be the recipients of the Distinguished Medical Alumni Award. Dr. Grayson will receive the Glenn W. Irwin Jr. MD Distinguished Faculty Service Award, named in honor of the man who served as dean of the School from 1965 to 1973. Dr. Meneghini will receive the first annual Early Career Achievement Award.

Dr. Boone, co-founder of the Neal-Marshall Committee of the IU Alumni Association, currently serves as a member of the Trustees of Indiana University. As a Gary, Ind., native, he worked in private practice at the Gary Medical Specialists, Inc. for nearly 35 years in addition to being an active volunteer working for the benefit of IU Northwest and the Gary community. After earning his IU medical degree in 1956, he completed his residency in St. Louis, Mo., and became a member of the United States Air Force.

Graduating in 1954 from IUSM, Dr. Irwin completed one year of her OB-GYN residency at Indianapolis' Methodist Hospital. In 1956, she began 30 years of service as the staff physician and medical superintendent at Bach Christian Hospital in Pakistan. A New Albany, Ind., native, Dr. Irwin was one of only four women in her class of 150 and inducted as a member of Alpha Omega Alpha Honor Medical Society, the only national medical honor society in the world.

Dr. Grayson, a former professor of ophthalmology at IUSM, was awarded the rank of Distinguished Professor in 1984. As the director of the Cornea and External Disease Service, he played a key role in the success of integration of the Indiana Lions and the IU Department of Ophthalmology. Dr. Grayson is an honorary member of Alpha Omega Alpha Honor Medical Society and a diplomat of the American Board of Ophthalmology. In 2000, the IU Department of Ophthalmology announced the creation of its second endowed chair, the Merrill Grayson Chair in Ophthalmology.

As a first-year medical student in 1995, Dr. Meneghini was awarded a Howard Hughes Medical Institute student position assisting with biomedical research in gene therapy. Following his graduation from IUSM in 1999, Dr. Meneghini completed his residency in orthopaedic surgery at Rush University Medical Center and a fellowship at the Mayo Clinic. He has continued his research on total hip arthroplasty.

LAMP seminar – June 2

The June 2 Leadership in Academic Medicine Program (LAMP) will be "Key Elements of a Successful Academic Career" presented by Maurice Hitchcock, EdD. The program will be from 1 to 4:30 p.m. in the Riley Outpatient Center, lower

level conference rooms A and B. Lunch is provided.

Dr. Hitchcock is a nationally recognized leader and expert in faculty development. He is currently professor and director of the Division of Medical Education at the University of Southern California School of Medicine. He also holds an appointment in the School of Education at USC where he is an active mentor and chair for health professions faculty pursuing graduate training in Education.

His program, the last LAMP session for this academic year, will tackle such questions as:

- What are the core elements needed to achieve and sustain a successful academic career?
- What does the literature tell us about "Quick Starter Junior Faculty?"
- How can the lessons learned from quick starters be used to make changes that will improve chances for career success?
- How important is the influence of a network of colleagues on career success?
- How can an individual improve her/his effectiveness through collaboration?

Since lunch will be served as part of this session please RSVP to Kelli Diener at kas1@iupui.edu, or 278-5461.

This week on Sound Medicine

Tune in at 4 p.m. Sunday, May 21, to *Sound Medicine*, the weekly radio program co-produced by IUSM and WFYI Public Radio (90.1 FM) in Indianapolis. The program is hosted by Barb Lewis. Co-hosts of this week's program are Kathy Miller, MD, and Steve Bogdewic, PhD.

Guests will include Rattan Juneja, MD, assistant professor of clinical medicine and director of the Indiana University Diabetes Center, who will discuss a new diabetes drug that helps people lose weight.

Linda Williams, MD, associate professor of neurology, will enlighten listeners on her recent journal article about the dilemma faced by neurologists treating stroke and depression patients.

Bernice Pescosolido, PhD, director of the Indiana Consortium for Mental Health Services Research will discuss a recent national survey that found a majority of Americans believe in the effectiveness of psychiatric medications but are reluctant to use these drugs to treat themselves.

Sound Medicine's co-host Ora Pescovitz, MD, executive associate dean for research affairs, will discuss how the IU Cancer Center's future as a premiere clinical and research institution has received a boost with a \$7.5 million gift from the Eli Lilly and Company Foundation.

Archived editions of *Sound Medicine*, as well as other helpful health information, can be found at www.soundmedicine.iu.edu/.

Scope submission guidelines

Scope wants your news items.

The deadline for submission is 8:30 a.m. on Thursdays. *Scope* is published electronically and sent to faculty, staff, students, and residents.

There are three easy ways to submit story ideas or information to *Scope*:

- e-mail the information to mhardin@iupui.edu
- mail the information to Mary Hardin, Z-7, Ste. 306, IUPUI
- fax your information to (317) 278-8722

Contributions submitted by e-mail should be forwarded in 12 point, plain text format.

In the interest of accuracy, please do NOT use:

- acronyms
- abbreviations

- campus building codes (use full, proper name of building and include the room number)
- Dr. as a preface before names (designate MD or PhD)

To keep the electronic version of *Scope* as streamlined as possible, only seminars and lectures of general or multidisciplinary interest will be included.
