## Visit IUSM and the IU Cancer Center State Fair displays

The IU spotlight this Sunday at the Indiana State Fair will be on the IU School of Medicine and the IU Cancer Center. Tents will be immediately inside Gate 12 (the 42nd Street entrance at the north end of the fairgrounds).

The fourth-year medical student ophthalmology interest group, led by Matt Ralstin and Joey Mackey, will do eye screenings in the IUSM tent from 11 a.m. to 7 p.m. Liza Hiatt from the Cancer Mosaic Collaborative at the IU Cancer Center, part of the CompleteLife program, will demonstrate the use of art in cancer care and coloring Mandala's in the IUCC tent.

The Indiana State Fair gates are open from 10 a.m. to 10 p.m. Sunday.

## Deans Grand Rounds – Sept. 13

Scientific Session 2006 will begin at 7:45 a.m. Wednesday, Sept. 13, with IUSM Dean Craig Brater, MD, at the Myers Auditorium, Wishard Memorial Hospital. Speakers will include D. Wade Clapp, MD, who will present "Identifying Molecular Targets in the Tumor Microenvironment as a Strategy to Develop Therapies for Plexiform Neurofibromas." Dr. Clapp is the Frieda and Albrecht Kipp Professor of Pediatrics and professor of microbiology and immunology at IUSM.

The second presentation, "Gycomic and Glycoproteomic Measurements in Health and Disease" will be made by Milos Novotny, PhD. He is an IU Distinguished Professor, the Lilly Chemistry Alumni Professor, and director of the National Center for Glycomics and Glycoproteomics at IU-Bloomington.

From 11a.m. to 2:30 p.m., a poster session will be in the VanNuys Medical Science Building atrium. Anyone wishing to submit a poster for the poster session can submit online at [www.medlib.iupui.edu/faculty/scs2006/](http://www.medlib.iupui.edu/faculty/scs2006/).

## White Coat Ceremony – Aug. 19

IUSM will conduct the Class of 2010 White Coat Ceremony Saturday, Aug.19, at the Murat Centre, 502 N. New Jersey St.

Professional attitudes and ethical behavior are critical attributes of physicians-in-training. The short white coats worn by medical students elicit the high expectations patients have of the doctor/patient relationship. After signing the IUSM [honor code](#), each student will be cloaked ceremonially with a short white medical lab coat, and will take the Physician's Oath.

## New tobacco-free policy begins Aug. 14

Beginning Aug. 14, the use or sale of tobacco, including but not limited to smoking, is prohibited on IUPUI-owned, -operated, or -leased property.

Enforcement of this policy will depend upon the cooperation of all faculty, staff and students not only to comply with this policy, but also to encourage others to comply with the policy, in order to promote a healthy environment in which to work, study, and live.

Violations of this policy should be referred to the appropriate administrative office for review and appropriate administrative action: for faculty, the Office of Academic Policies, Procedures and Documentation; for staff, Human Resources Administration; or for students, the Office of The Dean of Students.

See [www.iupui.edu/news/releases/060517\\_tobacco\\_free.htm](http://www.iupui.edu/news/releases/060517_tobacco_free.htm) for details.

## FEED Series: Negotiating with Patients and Learners

"Negotiating with Patients and Learners" will be the topic of the Faculty Enrichment and Education Development (FEED) Series hosted by the IU Department of Medicine. The workshop will be Wednesday, Aug. 23, from 5 to 7 p.m. in the lower level conference rooms A and B of the Riley Outpatient Center. Faculty presenting at this FEED workshop will be Kathy Zoppi, PhD, Meg Gaffney, MD, and Glenda Westmoreland, MD.

During this two-hour workshop participants will recognize the fundamental importance of establishing a real connection with their patients and learners. To do so is not necessarily easy, especially in our modern society of diverse values, beliefs and cultures. Physicians need tools to help explore patients' and students' values, recognize cultural issues, and express empathy and honest respect for different points of view.

This workshop will explore three approaches that clinicians and teachers may find useful in their daily encounters with patients and learners.

The program begins at 5 p.m. with a buffet dinner followed by the group session at 5:30 p.m. Faculty interested in attending should e-mail Roberta Brown at [rbrown2@iupui.edu](mailto:rbrown2@iupui.edu), or call 630-6906.

FEED is a quarterly series offering key topics in clinical teaching. These workshops are designed to provide an opportunity for the department faculty to improve their teaching skills in a collegial and fun environment and as part of the Department of Medicine's continuing commitment to provide the highest quality learning environment for medical students, residents and fellows.

## Physician recruitment reception – Sept. 12

Join representatives from more than 20 Indiana hospitals, physician groups and health-care systems for the second annual Physician Career Reception from 6 to 9 p.m. Tuesday, Sept. 12, in the Clowes Sculpture Court of the Eiteljorg Museum.

The event is free. For more information, contact Liberty Wilken at 866-394-4138, or [wilken@clarian.org](mailto:wilken@clarian.org).

## Tee off at the HOG golf outing

On Wednesday, Aug. 16, the Hoosier Oncology Group (HOG) will hold its 14th annual Cancer Research Awareness Golf Tournament at [Otter Creek Golf Club](#) in Columbus, Ind. The event is a gathering of the cancer community to raise awareness of cancer research activity and opportunities in the state.

Play is limited to 30 teams on a first-come, first-serve basis. The dinner program will be an open invitation. Limited individual and team entries are still available. Dinner reservations are still available. Contact Georgia Gould at 921-2050, or [ggould@iupui.edu](mailto:ggould@iupui.edu) for additional information.

## Heart failure ‘experience’ offered – Sept. 14 and 15

The Clarian Cardiovascular Center invites physicians to see the world through their patient’s eyes by participating in a six-minute multi-sensory simulation of the impact of heart failure on daily activity from a patient perspective. The Heart FxPod is an advanced simulator that allows participants to walk in the footsteps of their patients with heart failure.

Register online for your 6-minute simulation at [www.heartfxpod.com](http://www.heartfxpod.com)

The Heart FxPod will be at 1520 Senate Blvd. at the IU-Methodist Family Practice Center from 7 a.m. to 4:45 p.m. Monday, Aug. 14, and Tuesday, Aug. 15.

For daytime visits, use shuttle service provided from select locations, Clarian People Mover or if arriving by vehicle, park in the Methodist Hospital Garage I or II and follow signs to HEART FXPOD

A catered dinner program will be from 6 p.m. to 8 p.m. with Waqas Ghumman, assistant professor of medicine, Cardiac Imaging Heart Failure and Transplant

Presenting “Current Treatments for Heart Failure Patients.” For reservations, contact Mary Cline at 201-7880.

## Electronic resources course offered

Researchers and staff who need to access online information resources may be interested in a two-hour, hands-on class, Locating and Using Electronic Resources. Current information on accessing and using Medical Library and Internet resources will be covered. Topics will include: the journal impact factor, publication support, off-campus access, efficient searching tips.

The next class is on Tuesday, Aug. 15, from 2 to 4 p.m. in room 318 of the Medical Library. Attendance is limited and registration is required. To register, call or email Elaine Skopelja at 274-8358, or [eskopelj@iupui.edu](mailto:eskopelj@iupui.edu).

## This week on Sound Medicine

Tune in at 4 p.m. Sunday, Aug. 13 to Sound Medicine, the weekly radio program co-produced by IUSM and WFYI Public Radio (90.1 FM) in Indianapolis. The program is hosted by Barb Lewis. Co-hosts of this week's program are Frank Messina, MD, and Kathy Miller, MD.

Guests will include Marc Overhage, MD, PhD, associate professor of medicine at the Indiana University School of Medicine and research scientist for Regenstrief Institute Inc., who will explain how using electronic patient records will improve the quality of care and safety in hospitals.

Joanne Wojcieszek, MD, associate professor of clinical neurology at IU School of Medicine, and David Kareken, PhD,

director of the section of neuropsychology in the Department of Neurology at IU School of Medicine, will explain how drugs used to treat Parkinson's Disease can lead to compulsive habits like gambling.

*Sound Medicine* co-host Kathy Miller, MD, will talk about balancing patients and her newborn baby in this week's "Doc Chat."

A report from *Sound Medicine's* Jeremy Shere will focus on how math and science often overshadows health class and how health education centers have been created to fill this gap.

Archived editions of *Sound Medicine*, as well as other helpful health information, can be found at [www.soundmedicine.iu.edu/](http://www.soundmedicine.iu.edu/).

## **Scope submission guidelines**

*Scope* wants your news items.

The deadline for submission is 8:30 a.m. on Thursdays. *Scope* is published electronically and sent to faculty, staff, students, and residents.

There are three easy ways to submit story ideas or information to *Scope*:

- e-mail the information to [mhardin@iupui.edu](mailto:mhardin@iupui.edu)
- mail the information to Mary Hardin, Z-7, Ste. 306, IUPUI
- fax your information to (317) 278-8722

Contributions submitted by e-mail should be forwarded in 12 point, plain text format.

In the interest of accuracy, please do NOT use:

- acronyms
- abbreviations
- campus building codes (use full, proper name of building and include the room number)
- Dr. as a preface before names (designate MD or PhD)

To keep the electronic version of *Scope* as streamlined as possible, only seminars and lectures of general or multidisciplinary interest will be included.
