Deadline for Faculty ASR Survey is Sept. 18

The 2006 Faculty Annual Summary Report (ASR) is now available and requested of all regular faculty members who were active during the past academic year (2005-2006). Deadline for submissions is **Monday, Sept. 18**.

There are no changes to the application this year. Changes are concentrated in the report content and primarily include the following:

- **COURSE LIST:** The course list has been refined to separate graduate and undergraduate (health professions) courses.
- **DIDACTIC TEACHING:** Course work has been clarified, particularly regarding teaching and course administration.
- **Course/clerkship administration:** Update of syllabus and curriculum, test preparation & delivery, evaluation/grading, lecture attendance, meeting with students/faculty, etc. Do not report these activities under teaching.
- **Teaching:** Lecture, small group discussion, lab, intersession, demonstration, leading review sessions, testing/evaluation if not course director. Teaching in a patient care setting is not considered didactic teaching, and should be reported under question #2, "Clinical Activities".
- **Curriculum Development:** Significant curriculum development beyond annual updates as a result of approved curriculum changes
- **Faculty Development:** Course attendance by junior faculty for the purpose of developing teaching/administrative skills can be reported under the applicable courses.
- **CLINICAL ACTIVITIES:** Most departments provided clinical activity centrally, although it may not be complete.

Faculty should review pre-populated clinical activity for accuracy and completeness.

- MENTORING: Two mentoring programs were added this year, including faculty sponsorship of junior faculty on NIH "K" awards, and undergraduate research student mentors (usually related to National Science Foundation requirements).

The survey is available at <https://technology.iusm.iu.edu/asrv4/login.asp>. Contact Erik Cornet at finaff@iupui.edu if you have any problems or questions.

LAMP kick-off and New Faculty Orientation

The 2006-2007 sessions of the IUSM Leadership in Academic Medicine Program (LAMP) are about to begin.

This fellowship program is designed to provide IUSM's newest faculty members with the necessary tools for career success and help them learn to contribute to a learning environment that brings out the best in all.

Features of the program:

- An overview of the newly revised IUSM standards for excellence (promotion and tenure guidelines) in education, research and service.
- Development of an individual academic development plan.
- Differing views on the culture of IUSM: The Relationship-Centered Care Initiative and the Data Driven Decisions Initiative
- How to find and work with a mentor
- Understanding the research basics at IUSM
- The ABCs of effective teaching
- Leadership competencies: Necessary at every level
- Negotiation and conflict management skills
- Achieving balance in personal and professional life
- Principles of managing professional people

LAMP will begin on Oct. 9. Subsequent sessions will be monthly on Mondays from 1:30 to 4 p.m. in the Riley Outpatient Center lower level, Conference Rooms A/B. Mark your calendar for the other LAMP dates: Nov. 6, Dec. 11, Jan 22, Feb. 12, March 12, April 9 and May 14.

The LAMP faculty are Steve Bogdewic, PhD, Rich Frankel, PhD, and Lia Logio, MD.

To be selected as LAMP fellows, faculty must be in the first or second year of their appointment. The program is provided at no cost to departments other than the time required to attend each LAMP session. The names of interested individuals and questions can be sent to Steve Bogdewic at bogdewic@iupui.edu. The deadline is **Friday, Sept. 29**.

IU trustees to hold open presidential forums at IUPUI

The IU Board of Trustees will lead two open forums at IUPUI to solicit advice and recommendations from students, faculty and staff on the search for the 18th president of Indiana University. President Adam W. Herbert has announced his desire to leave office no later than July 31, 2008.

The sessions will be held from 3 p.m. to 5 p.m. on Tuesday, Sept. 12, and from 9 a.m. to 11 a.m. Thursday, Sept. 14. Both sessions will be in University Place Conference Center, room 206. Anyone may attend; reservations are not required.

Thomas Reilly will lead the Sept. 12 session; Jeffrey Cohen will lead the session on Sept. 14.

Topics of discussion will include the opportunities and challenges facing the university in the years ahead; the priorities that a new president should address; and the most important personal and professional qualities the new leader should possess. The board also is interested in receiving the names of individuals who should be considered for the position.

Trustees will conduct open forums on all campuses in coming weeks and will meet with stakeholders including faculty, students, staff, alumni, donors, state officials and civic leaders.

Anyone wishing to contact the presidential search committee directly may do so by visiting the presidential search web site at <http://www.indiana.edu/~nextpres/>.

[BACK TO TOP](#)

Indiana Biomedical Entrepreneur Network hosts campus meetings

The Indiana Biomedical Entrepreneur Network will host free monthly meetings in the Riley Outpatient Center auditorium on the second Tuesday of the month. The first of these meetings will be from 5 to 7:30 p.m. Tuesday, Sept. 12. The topic will be the state of entrepreneurship in Indiana and the speaker will be Jim Pearson, president and CEO of Suros Surgical Systems.

IBEN strives to enable entrepreneurship in life sciences and medicine throughout Indiana. This is achieved through social networking, education and events featuring experienced entrepreneurs. IBEN is open to all who play a role or have an interest in biomedical entrepreneurship from academics to product. More information can be found at www.indianabionetwork.org.

[BACK TO TOP](#)

Twenty health care organizations part of statewide physician career reception Sept. 12

Medical residents and fellows completing training in 2007, 2008 or 2009 are invited to meet with representatives of 20 Indiana hospitals, physician groups and health care systems to find a career in medicine. The 2006 Physician Career Reception is Tuesday, Sept. 12, from 6 p.m. to 9 p.m. at the Eiteljorg Museum, 500 W. Washington St. in downtown Indianapolis.

[BACK TO TOP](#)

Spirituality and poetry: An evening of conversation Sept. 12

Authors Wayne Muller and Mark Nepo will provide an evening of thought-provoking entertainment Tuesday, Sept. 12, at the Hulman Riverhouse at White River Gardens, Indianapolis Zoo.

A reading and conversation will begin with a reception at 7 p.m. The readings begin at 7:30. The event is free and reservations are not requested.

Muller is founder of Bread for the Journey International and the author of several best-selling books, including his latest *Learning to Pray: How We Find Heaven on Earth*. Nepo is a poet and philosopher who has taught in the fields of poetry and spirituality for more than 30 years. His most recent work is *The Exquisite Risk*. More information on his work can be found at www.MarkNepo.com.

Biennial Dean's Scientific Sessions/Grand Rounds – Sept. 13

Scientific Session 2006 will begin at 7:45 a.m. Wednesday, Sept. 13, with IUSM Dean Craig Brater, MD, welcoming guests at the Myers Auditorium, Wishard Memorial Hospital. Speakers will include D. Wade Clapp, MD, who will present "Identifying Molecular Targets in the Tumor Microenvironment as a Strategy to Develop Therapies for Plexiform Neurofibromas." Dr. Clapp is the Frieda and Albrecht Kipp Professor of Pediatrics and professor of microbiology and immunology at IUSM.

The second presentation, "Glycomic and Glycoproteomic Measurements in Health and Disease," will be by Milos Novotny, PhD. He is an IU Distinguished Professor, the Lilly Chemistry Alumni Professor, and director of the National Center for Glycomics and Glycoproteomics at IU-Bloomington.

From 11 a.m. to 2:30 p.m., a poster session will be in the VanNuys Medical Science Building atrium, featuring more than 120 posters representing a wide range of research projects at IUSM.

Poster presenters are asked to put up posters between 10 and 10:30 a.m. Poster boards are 4' x 8'. Posters will be assigned a board number, roughly in alphabetical order of the first author's last name, and a printed listing of assignments will be available in the atrium and for downloading on the Scientific Session web page (www.medlib.iupui.edu/faculty/scs2006/). All submitted abstracts were accepted for presentation at the session.

[BACK TO TOP](#)

Fairbanks Ethics Lecture Series begins Sept. 13

Sharon Kaufman, PhD, will present "And a Time to Die: How American Hospitals Shape the End of Life" from 12:30 to 1:30 p.m., Wednesday, Sept. 13, in the Riley Outpatient Center auditorium. Based on her highly acclaimed 2005 book by the same title, the lecture will examine why "heroic" treatment so often overrides "humane" care and why a "good" death is so elusive.

Dr. Kaufman's lecture kicks off the 2006-2007 Fairbanks Ethics Lecture Series sponsored by the Charles Warren Fairbanks Center for Medical Ethics.

Dr. Kaufman's most recent research is on life-extending procedures in late life and the obligations, responsibilities and ethical dilemmas that result for patients, families and society. She is professor of medical anthropology in the Institute for Health and Aging, Department of Social and Behavioral Sciences, and Department of Anthropology, History and Social Medicine at the University of California, San Francisco.

The Fairbanks Ethics Lecture Series will offer twice monthly presentations on topics relevant to clinical medical ethics. Lectures will carry CME, CEU, and CCE credit. For more information, contact Patty Bledsoe at 962-9260, or pbledsoe@clarian.org.

[BACK TO TOP](#)

Life Sciences Lunch Series continues Sept. 19

The next in the Life Sciences Lunch Series, presented by the Indiana Health Industry Forum, Barnes and Thornburg LLP and BioCrossroads, will be from 11:30 a.m. to 1 p.m. ET Tuesday, Sept. 19. The formal presentation begins at noon.

"Health Care Savings Accounts – How Much Do You Know?" is the topic to be discussed by panelists John Gause, Apex Benefits Group; Denny Wright, president, IntraHealth Solutions, Inc.; Brian Jacobs, HealthMatch Solutions, LLC; and Mark Winzenread, CFO, Walker Information.

The series is simulcast at Barnes and Thornburg offices in Indianapolis, South Bend, Fort Wayne and Elkhart, and in cooperating facilities in Muncie, Terre Haute, West Lafayette, Evansville, Bloomington and Richmond.

Box lunches are provided or those attending can bring their own lunch. There is no charge to attend, but registration is requested so the sponsors will know how many lunches to order. Register at www.btlaw.com/Event.asp?Event_ID=448, or by calling 317-231-7356.

Sept. 30 induction set for class of 2007 Gold Humanism Honor Society members

Forty-one senior IUSM students will be inducted into the Gold Humanism Honor Society on Sept. 30. IUSM faculty, staff and their guests are invited to attend the induction luncheon and ceremony at the University Place Conference Center and Hotel, 850 W. Michigan St., Indianapolis. Registration begins at 11:00 a.m. The luncheon is at 11:30 immediately followed by the ceremony. Tickets are \$30 each, and reservations may be made by calling 274-4556 or at meca@iupui.edu by September 15.

The IUSM chapter of the Gold Humanism Honor Society was established during the 2005-2006 academic year as a means of formally recognizing medical students who demonstrate exemplary behavior that promotes humanism in medicine. Creation of this GHHS chapter was made possible by a grant from the Arnold P. Gold Foundation. By encouraging the creation of chapters in medical schools around the country, the Gold Foundation seeks to honor senior medical students, residents, role-model physician teachers and other exemplars who demonstrate excellence in clinical care, leadership, compassion and dedication to service.

Approximately 15% of the graduating class was selected through a process including peer and faculty nomination followed by a review of each student's required essays, clerkship comments and record of community service. You may learn more about the Arnold P. Gold Foundation and the Gold Humanism Honor Society at <http://humanism-in-medicine.org/>

Class of 2007 members of the IUSM Gold Humanism Honor Society:

Evelyn Akinsanmi	Heather Nichols
Jennifer Biggerstaff	Prashant Patel
Bradley Bohnstedt	Kathryn Peck
Laurel Carey	Leslie Petersohn
Anthony Czaplicki	Jacob Pletcher
Benedict Dillon	Matthew Powellson
Rachel Dyer	Christen Prible
Michael Ferguson	Amanda Reahard
Joseph Frank	Seppo Rinne
April Gish	Steffanie Risinger
Tracey Guildenbecher	Mark Royer
Kendall Hamilton	Peter Schilt
Charisse Johnson	Hiral Shah
Kathryn Klieber	Micah Smith
Lee Kneer	Kristen Spisak
Wesley Lackey	Melissa Spurr

Craig Lammert Christopher Watson
Amy Leland Wendy Woodard
April Lemmon
Jennifer Loh
Daniel Mallon
Allison Meadows
Jessica Nance

Kelley School of Business offers free life science series

The Indiana University Kelley School of Business invites all medical faculty to attend its new life science conference series. Four conferences scheduled throughout this academic year will shed light on how best to manage the interface between science and business. Attendance for all participants is free.

The successful delivery of value in health care involves complex collaboration among physicians, research scientists, engineers, nurses, business executives and policy makers. The goal of each conference is to examine an issue of concern and challenge, share relevant knowledge and perspective, and provide attendees a broader insight on business development within the life sciences. The hope is that life science professionals from varied backgrounds and professions leave each conference one step closer to speaking the same language.

Below is a summary of the four conferences which each take place on a Friday:

Date	Topic	Venue
Sept. 22	Life Sciences Clusters	Hoosier Room, IU Football Stadium in Bloomington
Nov. 17	Commercialization of Life Science Products	University Place Conference Center at IUPUI
Feb. 2	Combination Products in the Life Science Industries	Cook Group Inc. in Bloomington
May 18	Management of Research and Development	Winona Lake, Grace College in Warsaw

Registration and program information can be found online at www.kelley.iu.edu/lifesc. Questions can be directed to Roxie Glaze at rglaze@indiana.edu or 812-855-9210.

[BACK TO TOP](#)

New vision for electronic communications at IUSM

IUSM unveiled its new Web presence on Sept. 7 with a user-friendly updated look for its one million-plus annual Web visitors.

With the revised Web site, IUSM begins a program of developing visual consistency for its approximately 150 affiliated departments, centers and offices. Sites now sporting the new look include the IUSM - South Bend, the Department of Otolaryngology – Head and Neck Surgery, the Office of Clinical Research and the

Office of Public and Media Relations. Over the next several years, the school will roll out many more sites standardizing its Web design.

These and all IUSM Web sites are accessible at medicine.iu.edu.

The Web design revealed today illustrates the School's renewed focus on brand identity, and the fresh look is flexible enough to incorporate the elements of Indiana University's soon-to-be-announced visual identity standards.

IUSM joins a growing number of academic institutions constructing Web sites with the help of a content management system (CMS), software that allows for uniform Web-page templates and centralized site management. The medical school is one of the first sites at IU to migrate its Web platform to a CMS. The CMS software facilitates the sharing and dissemination of information throughout the school's Web sites. The program also simplifies the process of page-creation and editing for non-technical users.

[BACK TO TOP](#)

Call for nominations for Chancellor's Professorships

Each year IUPUI solicits nominations for Chancellor Professorships. The professorships were created to recognize faculty who have been with IUPUI for at least 10 years and who have made major contributions to all three of the missions of the university. Since 2000, IUPUI has named the following IUSM faculty Chancellor's Professors: Howard Edenberg, Bill Bosron, Bill Tierney, Jan Froehlich, Doug Rex, Andy Evans, Peter Roach and Joe DiMicco

The guidelines are available at opd.iupui.edu/aod/awards/guidelines/chancprofessor07guidelines.doc.

The nomination requires a dossier with input from external letters as well as the support of the major university unit. As a dean's letter of support is important for the nomination to succeed, Dean Craig Brater has asked that the School of Medicine Awards committee serve to coordinate the nomination of faculty from the IUSM for this Award.

The 2007 nominations are due in IUPUI by 5 p.m. Jan. 22. In order to provide time for the nominators to obtain the external letters of support, nominations from IUSM should be emailed (cover letter and CV) to David Crabb (dcrabb@iupui.edu) by Sunday, Oct. 15. The awards committee will select the IUSM's candidates by Nov. 1. The formal nomination process can then be completed online at opd.iupui.edu/aod/awards/cp.asp

Dependent children certification needed for health coverage

Individuals with IU-sponsored health care coverage who have a child enrolled as a dependent who is age 19 or older must submit certification that the child is a full-time student for the Fall 2006 and Spring 2007 semesters in order to continue coverage. Certification is required each academic year.

A [Certification of Eligibility for Dependent Child 19 or Older form](#) should be submitted to University Human Resource Services (Poplars E165, Bloomington) by Friday, Sept. 8. If, after review of the form, the child does not meet the eligibility criteria or if the form is not received by Sept. 8, coverage for the child will be discontinued effective Sept. 1, 2006. Contact a benefits specialist at 274-4596 for additional information.

RWJ scholars program seeks applicants

The Robert Wood Johnson Health and Society Scholars Program is a two-year fellowship designed to build the nation's capacity for research, leadership and action to address the broad range of factors affecting health.

Outstanding individuals who have completed doctoral training in disciplines ranging from behavioral, social, biological and natural sciences to health professions are eligible. A maximum of 18 scholars will be selected to begin training in August or September 2007 at one of six universities: Columbia University, Harvard University, University of California, San Francisco and Berkeley, University of Michigan, University of Pennsylvania, or University of Wisconsin.

The application deadline is Friday, Oct. 13. More information is available at www.healthandsocietyscholars.org/.

This week on Sound Medicine

Tune in at 4 p.m. Sunday, Sept. 10, to *Sound Medicine*, the weekly radio program co-produced by IUSM and WFYI Public Radio (90.1 FM) in Indianapolis. The program is hosted by Barb Lewis. Co-hosts of this week's program are Ora Pescovitz, MD, and Stephen Bogdewic, PhD.

Guests include emergency room physician Frank Messina, MD, clinical assistant professor of medicine and associate medical director of emergency services at IUSM, will assess our nation's emergency response system five years after the 9/11 terrorist attacks.

Also appearing will be Michael Reece, PhD, MPH, assistant professor of public health, who will discuss the lack of thorough sex education in Indiana's public schools. Reece also is director of the Sexual Health Research Working Group at Indiana University.

Field reporter Meghan Freeman will chat with high school students who attended the seventh annual Molecular Medicine in Action program at IUSM. The two-day program offers high-achieving students the opportunity work with medical scientists in the labs of the Herman B Wells Center for Pediatric Research. This program hopes to spark interest in the field of medical research.

Eric Meslin, PhD, will present a *Sound Ethics* moment on the United States policy that allows organ donation to occur after brain death. In some nations, organ donation after cardiac death is becoming the new standard. Dr. Meslin is director of the IU Center for Bioethics.

Sharon Kaufman, PhD, professor of medical anthropology at the University of California at San Francisco, will share information from her book, *And a Time to Die: How American Hospitals Shape the End of Life*.

Archived editions of *Sound Medicine*, as well as other helpful health information, can be found at www.soundmedicine.iu.edu/.

Scope submission guidelines

Scope wants your news items.

The deadline for submission is 8:30 a.m. on Thursdays. *Scope* is published electronically and sent to faculty, staff, students, and residents.

There are three easy ways to submit story ideas or information to *Scope*:

- e-mail the information to mhardin@iupui.edu
- mail the information to Mary Hardin, Z-7, Ste. 306, IUPUI
- fax your information to (317) 278-8722

Contributions submitted by e-mail should be forwarded in 12 point, plain text format.

In the interest of accuracy, please do NOT use:

- acronyms
- abbreviations
- campus building codes (use full, proper name of building and include the room number)
- Dr. as a preface before names (designate MD or PhD)

To keep the electronic version of *Scope* as streamlined as possible, only seminars and lectures of general or multidisciplinary interest will be included.
