Policy for Acknowledgment of use of Indiana CTSI Resources and Federal Funding

HHS appropriations acts require all HHS grantees to acknowledge Federal funding when issuing statements, press releases, requests for proposals, bid invitations, and other documents describing projects or programs funded in whole or in part with Federal money.

For each publication that results from CTSA-supported research, grantees must include an acknowledgment of CTSA grant support and a disclaimer. Suggested text is noted below and we recognize that the acknowledgment may be modified to satisfy specific journal policies:

“This [(publication was made possible) (project was supported), or (project was funded), in part, with support from the Indiana Clinical and Translational Sciences Institute funded, in part by Grant Number (see bulleted list below for appropriate number) from the National Institutes of Health, National Center for Advancing Translational Sciences, Clinical and Translational Sciences Award”

This policy is applicable to individuals whose salary, education, or research activities are funded all or in part by Indiana CTSI direct or institutional match funds and whose work on the cited project is in support of activities related to Indiana CTSI. Examples of applicable projects and individuals include:

- T (Grant # TL1TR001107) & K (Grant # KL2TR001106) training awards
- Project Development Teams (PDT) pilot grants (Grant # UL1TR001108)
- Indiana CTSI Collaboration in Biomedical/Translational Research (CBR/CTR) Pilot Program Grants (Grant # UL1TR001108)
- Clinical Research Center support (CRC) (Grant # UL1TR001108)
- Core Pilot Funding (Grant # UL1TR001108)
- Indiana CTSI Specimen Storage Facility (Grant # UL1TR001108) (Also acknowledge NCRR Construction grant Number RR020128.)

If you have questions regarding this Acknowledgment policy, please contact Joe Hunt, Associate Director, Tracking and Evaluation Program.
